## 1. Introduction

Glasgow Archers is fully committed to safeguarding the wellbeing and protection of all children and young people in its care. It recognises the responsibility to promote safe practice and to protect children and young people from harm, abuse and exploitation. For the purposes of this policy and associated procedures a child or young person is recognised as someone under the age of eighteen years.

Sport can and does have a very powerful and positive influence on people-especially children and young people. Not only can sport provide opportunities for enjoyment and achievement, it can also help those who participate to develop an expansive range of life skills such as self-confidence, increased self-esteem and ability.

These positive effects can only take place if sport is in the right hands i.e. in the hands of those who prioritise the wellbeing of all the children and young people first and adopt practices that support, protect and empower them.

All members, staff and volunteers will work together to embrace difference and diversity and respect the rights of children and young people.

This document outlines Glasgow Archer's commitment to protecting children and young people.

Glasgow Archers recognises that Archery GB and Scottish Archery have published and implemented their own Child Protection policies. Glasgow Archers will follow the principles documented in these policies.

This policy takes cognisance of the current Child Protection legislation in force in Scotland, at the time of writing, namely

1. The Children (Scotland) Act 1995
2. Protection of Children (Scotland) Act 2003
3. Protection of Children and Prevention of Sexual Offences (Scotland) Act 2005.
4. Protection of Vulnerable Groups (Scotland) Act 2007
5. Working Together to Safeguard Children (2013)
6. The Children and Young People (Scotland) Act 2014
7. Respect for All: Scotland National Approach to Anti-bullying
8. Standards for Child Wellbeing and Protection in Sport.

## 2. Policy Statement

- The wellbeing of children is the primary concern. Under the terms of the current legislation a Child is defined as a person who has not yet reached their eighteenth birthday.
- All children and young people, whatever their age, disability, gender reassignment, race, religion or belief, sex and sexual orientation or socio-economic status have the right to protection from all forms of harm and abuse.
- Child protection is everyone's responsibility.
- Children have the right to express views on all matters which affect them should they wish to do so.
- Organisations shall work in partnership together with children and parents to promote the wellbeing, health and development of children.

Glasgow Archers will:

- Promote the health and wellbeing of children by providing opportunities for them to take part in archery safely.
- Respect and promote the rights, wishes and feelings of children.
- Promote and implement appropriate procedures to safeguard the wellbeing of children and protect them from abuse.
- Recruit, train, support and supervise its staff and members to adopt best practice to safeguard and protect children from abuse and to reduce risk to themselves.
- Require employees and members to adopt and abide by this Child Wellbeing and Protection Policy and all associated procedures.
- Respond to any allegations of misconduct or abuse of children in line with this Policy and these procedures as well as implementing, where appropriate, the relevant disciplinary and appeals procedures.
- Observe guidelines issued by local Child Protection Committees for the protection of children.
- Regularly monitor and evaluate the implementation of this Policy and all associated procedures.

## 3. Wellbeing

Glasgow Archers is dedicated to the continuous development of our sport with regards to recognising that the wellbeing of children and young people is paramount. We are proud to be creating an environment that allows children and young people to thrive, participate and have a say in the decisions that affect them within their sport.

It is important to recognise what we mean by children's wellbeing. As part of Scotland's national

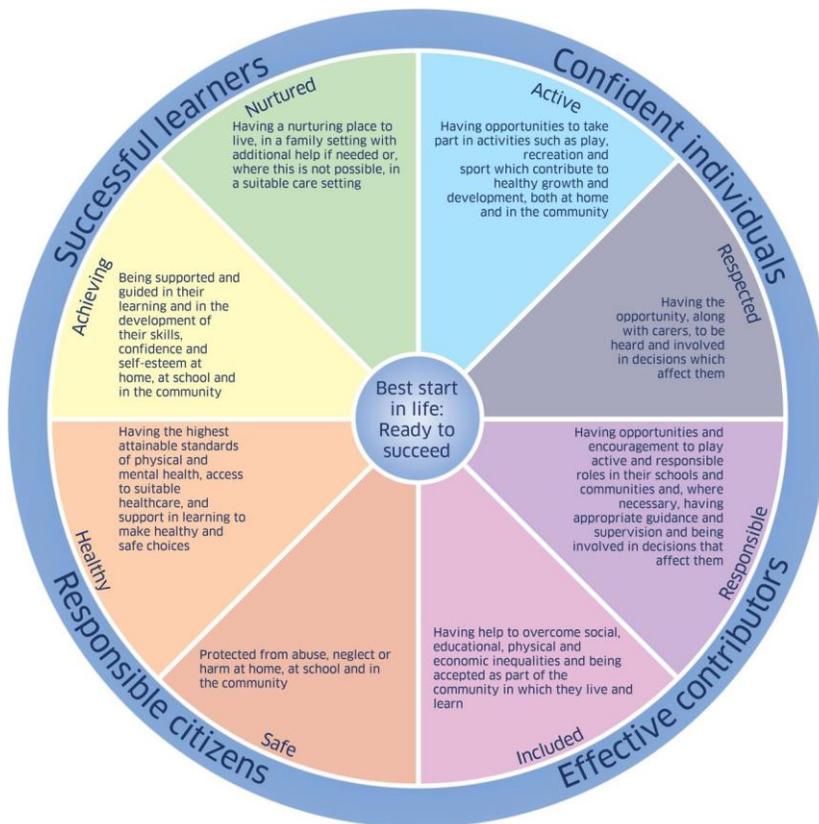

approach to “Getting it Right for Every Child” (GIRFEC), the wellbeing wheel demonstrates the eight indicators that are believed to be essential for a child’s overall wellbeing.

**Wellbeing (SHANARRI)**

- Safe
- Healthy
- Achieving
- Nurtured
- Active
- Respected
- Responsible
- Included

By having a universal language and understanding for all people that work with children, collectively we can contribute to promoting, supporting and safeguarding a child’s wellbeing, whether they are in a educational, health, community or sports setting. It is essential that in sport we understand not only how participation in sport contributes to these wellbeing indicators, but also what we need to do if we are ever worried that something is impacting on a child’s wellbeing. As part of the ‘Children and Young People (Scotland) Act 2014, the concept of wellbeing and the GIRFEC approach is now enshrined in law.

## 5. Abuse in Sport

Abuse of Children and young people can occur in any environment, including the home, at school or in a sports club although, children are more likely to be abused by people they know and trust in their family. Sport is often described by children and young people as being like their family, therefore, we remain vigilant to signs of abuse within the club environment as well as recognising it is everyone's responsibility to protect and safeguard children and young people, inside and outside of the sport.

Glasgow Archers acknowledges that as a sport club it provides access to children and young people which can present opportunities for individuals who want to harm them. Therefore, it is vital that those who have regular contact with children and young people recognise the signs and indicators that a child or young person may be abused and know the appropriate steps to take to report these concerns.

Coaches and instructors may be best placed to help in identifying concerns, and indicators of possible abuse or neglect, at an early stage and referring those concerns to the Glasgow Archers Child Wellbeing and Protection Officer or Committee members and potentially the appropriate statutory organisation.

### Types of Abuse

All forms of abuse involve the elements of a power imbalance, exploitation and the absence of true consent, whether they concern act of commission or acts of omission.

Abuse can take many forms including:

**Sexual Abuse** - forcing or enticing a child or young person to take part in sexual activities, whether or not the child is aware of what is happening.

**Emotional Abuse** – Exposing children to humiliating, taunting or aggressive behaviour or tone.

**Neglect** – Lack of Care, guidance, supervision or protection.

**Physical Abuse** – Causing the actual physical harm of a child or young person.

All adults working with children and young people should be mindful of the different types of abuse and be familiar with the signs that abuse may be taking place.

## **6. Responding to Concerns**

Set procedure for responding to a wellbeing or protection concern about a child makes sure that everyone is clear on what action to take in the event of a concern being raised. The procedure is based on three steps: **Respond, Record, Report.**

The following principles underpin the procedure:

**The wellbeing of the child is the paramount consideration.**

Parents/carers have the primary responsibility for the safety and wellbeing of their children and where possible the club should work in partnership with parents /carers when there are concerns about a child.

Children have the right to say what they think in all matters affecting them and to have their views taken seriously (Article 12, UNCRC – UN Convention on the Rights of the Child). It is important, therefore, to seek the views of the child, where relevant and appropriate, and to seek their consent for further reporting of the concern

Where the concern about a child's wellbeing suggests that they are in need of protection, the information must be passed on to Police Scotland/social work with or without the child's consent for the purposes of their protection. Allegations of abuse must always be taken seriously. No member of the club shall investigate allegations of abuse or decide whether a child has been abused.

### **WHAT TO DO IF THERE IS A WELLBEING CONCERN ABOUT A CHILD**

Members of the club including volunteers/staff may be informed in different ways with regards to details of a concern about a child. This may be:

- A direct disclosure by a child
- Through observation of a child, demonstrated by a change in their behaviour, appearance or nature
- Information that is shared from another individual or organisation

#### **Respond**

Any wellbeing concern about a child should be considered in line with GIRFEC wellbeing indicators and may be discussed with parents/carers. For example, if a child seems withdrawn, he or she may have experienced upset in the family, such as parental separation, divorce or bereavement.

Common sense is advised in these situations and the best interests of the child will be considered as to what is the best support for each individual child. Children will be asked who they feel is suitable to be informed and when relevant, consent should be gained from the child.

## **Record**

Make a written record of the wellbeing concern as soon as possible using the Concern Recording Form (available from the Club Child Wellbeing and Protection Officer), completing as much of the form as possible.

## **Report**

All wellbeing concerns should be reported to the Club Child Wellbeing and Protection Officer as soon as possible. The CWPO may escalate the concern to police/social work if this is considered appropriate.

## **WHAT TO DO IF A CHILD DISCLOSES ABUSE**

### **Good Practice:**

React calmly so as not to frighten the child.

Consider what requirements a child may need to communicate effectively (e.g. do they have an additional support need, is English their first language etc.)

Listen to the child and take what they say seriously. Do not show disbelief.

Reassure the child that they are not to blame and were right to tell someone.

Avoid asking any questions. If necessary only ask enough questions to gain basic information to establish the possibility that abuse may have occurred. Only use open-ended, non-leading questions e.g. Who? What? Where? When?

It's important to explain to the child who you may need to share information with and why. Don't promise to keep information to yourself.

Do not introduce personal information from either your own experiences or those of other children.  
**Pass on the information to the Club Wellbeing and Protection Officer/or social work services or the police without delay**

### **Avoid:**

- Panicking
- Showing shock or distaste
- Probing for more information than is offered
- Speculating or making assumptions
- Approach the individual against whom the allegation has been made
- Making negative comments about the person against whom the allegation has been made

## **RECORD**

Make a written record of the information as soon as possible using the Concern Recording Form, completing as much of the form as possible

## **REPORT**

Advise the Club Child Wellbeing and Protection Officer as quickly as possible. This should not be delayed by

gathering information to complete all sections of the form. The information in the form will help the Club CWPO, police and social workers to decide what action to take next.

For advice and guidance when/if the Club CWPO is unavailable, or when an immediate response is required, contact the police and social work services directly. Record any advice.

#### Sharing Concerns with Parents/Carers:

Where there are concerns that the parents/carers may be responsible for, or have knowledge of, the abuse, sharing concerns with the parents/carers may place the child at further risk. In such cases advice must always firstly be sought from the police or social work services as to when and who should inform the parents/carers.

PLEASE REFER TO "RESPONDING TO DISCLOSURE MADE BY A CHILD" FLOWCHART AT END OF THIS DOCUMENT.

### **7. Communication and Security of Documents**

No document, once completed, which contains the personal information of a child or member (e.g. significant incident form, self-declaration form) will be transmitted by email except where such file is either password protected and/or encrypted. Where password protection is enabled, such password must be sent to recipients of these documents by separate email or other electronic means.

Such documents will be sent to the recipient by mail or email and clearly marked 'Private and Confidential'

Where information is kept as a computer record, the information will be kept on an encrypted memory stick or on properly secured cloud storage and only accessed by those authorised to see it in the course of their duties.

Any printed document, once completed, relating to child protection or PVG issues will be kept in a secure place and treated as confidential.

### **8. Information Sharing**

The Data Protection Acts 1998-2018, along with the introduction of GDPR in May 2018 requires that members are informed about how their personal information will be used. For the purposes of child wellbeing/child protection matters Glasgow Archers may share information about a member with Scottish Archery and/or Archery GB where they have been alerted to circumstances that might affect a members status as a member of the PVG scheme for regulated work or their suitability to carry out the regulated work role for which they have applied/been appointed or already doing. Additionally, Glasgow Archers may be required to share information with Scottish Archery and Archery GB and other statutory or regulatory authorities where an individual member is believed to be under criminal investigation for matters pertaining to Child wellbeing and Protection. In the event that such sharing is deemed necessary, it will normally only be carried out between the nominated Child Wellbeing and Protection Officers of Scottish Archery and club – or an appropriate representative of Scottish Archery appointed by the Board. This is aligned to the published Scottish Archery GDPR compliant Privacy Notice.

Glasgow Archers may be required to share personal information with statutory or regulatory authorities and organisations to comply with statutory obligations. Such organisations include the Glasgow Archers Wellbeing and Protection Policy

Health & Safety Executive, Volunteer Scotland Disclosure Services, Disclosure Scotland and Police Scotland for the purposes of safeguarding children and reporting on any accidents or incidents leading to serious injury or death.

## **9. Suspension of Membership and Discipline**

Where information is received from:

- a. Disclosure Scotland that a member of Glasgow Archers is being considered for barring or has been barred from working with children; or
- b. Police Scotland, the Procurator Fiscal's Office or any external Agency that raises a significant concern about a member or volunteer of Glasgow Archers
- c. a significant incident form is received regarding the conduct of a member or volunteer of Glasgow Archers towards a child
- d.

Glasgow Archers' Child Wellbeing and Protection Officer will immediately notify the appropriate member of the Scottish Archery Board with responsibility for Safeguarding and Child Protection as well as immediately notifying the Archery GB Case Management Referral Panel, with a recommendation to either suspend that member's coaching licence and/or their Scottish Archery and/or Archery GB membership.

Where suspension of Archery GB and Scottish Archery membership is recommended, the member's Glasgow Archers membership will also be suspended.

In cases where there is no police or social work inquiry and the Glasgow Archers CWPO's initial assessment is that a disciplinary investigation should be conducted, then such an investigation will be conducted in line with the Glasgow Archers Disciplinary policy, in force at that time.

In cases where there is to be a police or social work inquiry, then a disciplinary investigation will only be carried out at the conclusion of the inquiry although a member being the subject of such an inquiry may be suspended as soon as Glasgow Archers is made aware of such an inquiry.

## **10. PVG Membership**

All Scottish Archery Clubs have a legal duty, under the Protection of Vulnerable Groups (Scotland) 2007 Act, to make sure that the adults who are authorised to work or volunteer with children on behalf of the club are not on the Children's List. The Children's List is a list of individuals who have been barred from working with children by Disclosure Scotland.

The person/s in the club who are responsible for making the decisions about appointments and for managing the sports volunteers/staff should be clearly identified. The club wellbeing and Protection Officer will play an important advisory role in relation to appointments to work with children but will not usually be responsible for the final decision about appointments.

### Who needs to join the PVG scheme?

A role that needs the post holder to be vetted is known as 'regulated work' and it is defined in law. You must make sure that people who are doing 'regulated work' at your club have not been barred from doing this type of work with children. This is done using the PVG scheme.

Only people who do regulated work can be asked to join the PVG scheme. This includes those who have a DBS check from England, or non-Scottish equivalent. It is not legal to ask people in non-regulated positions to join the PVG scheme.

### What is regulated Work?

Contact VSDS <http://www.volunteerscotland.net/disclosure-services/> for guidance on whether a specific position at a club is 'regulated work'. See also: Disclosure Scotland's regulated work assessment tool at <http://www.disclosurescotland.co.uk/disclosureinformation/training.htm>

### What does the PVG scheme do?

When someone applies to join the PVG scheme, Disclosure Scotland carry out a criminal record check to confirm that they are not on the list of people who have been barred from this type of work. It provides the club with information to inform a decision on their suitability for the post

## **11. Duty of Care**

Although it is not possible to give guidance for all possible circumstances, the Good Practice Guidelines are based on best practice and cover some of the most common situations.
